TEEN AMBASSADORS OF HOPE

Teen Ambassadors of Hope (TAoH) is a **statewide leadership program designed to educate and empower teens about healthy relationships**, inspiring the next generation of advocates.

The program includes **a half-day training event, followed by two weeks of peer-to-peer fundraising**, uniting Texas teens, ages 13-19, who are passionate about creating a safer tomorrow. Through engaging workshops on healthy relationships, leadership, and peer-to-peer fundraising, Ambassadors gain the skills to educate their peers, spark meaningful conversations, and lead impactful awareness campaigns.

TAoH inspires youth to become civically engaged advocates and allies, driving positive change in their communities.

The training event is slated for April 27, 2025 in Austin, TX.
